IIT Gandhinagar – PG Diploma in AI-ML and Agentic AI Engineering

Week 0 – Short Activity Plan

28 September – 3 October 2026 | On Campus

Objective: Establish the foundation, understand the current technical level of students, align expectations, and develop problem-solving and AI engineering thinking before Week 1.

Core approach: Week 0 should feel like the first step into becoming an AI/ML engineer rather than simply a revision week.
